June 17, 2022

To whom it may concern,

I'm writing to recommend Mr. Victor Wright for an entry-level Full Stack developer position at your company. I had the opportunity of being his lead instructor during his stay at the WBS Coding School for a Full Stack web development bootcamp.

He made a lot of progress during the course and his background in business kept on showing in his passion for analyzing a problem to come up with ingenious solutions.

For his final project he created a Full Stack application with technologies taught in our course aimed at solving the waste of food in our community.

I am sure that Victor will be a brilliant addition to your development team both for his technical potential and for being a great person and team member.

Please feel free to contact me by email (jorge.paul@wbscodingschool.com) or cell phone (01520 7204102) if you have any questions.

Sincerely

Jorge Paul
Team Lead - Full Stack Web & App Development
