Alison courses requires at least 80% to pass the final assessment	**96%**

CPD Hours Completed:	
CPD approved learning hours completed through this course	**1-2h**

Course Information

This graphic design certificate will teach you everything you need to draw anime characters and begins with an introduction to the body sizes for characters of different age groups – children, infants, teens, and adults. It goes on to explain how body outlines for characters of each group can be easily drawn, in accordance with the laid down body sizes. This is followed by demonstrations of how to draw male and female characters' bodies in different positions.

Modules Studied

Module 1: Docker Setup, Toolbox and Features

Module 2: Course assessment
